

@  
stone™  
DUTCH QUALITY

Amish craftsmanship is revered throughout the world, and our production facilities are located in the heart of one of the biggest Amish communities in America. This goes a long way toward explaining why Dutch Quality Stone™ products have become an industry leader in quality and consistency.

We have combined fine craftsmanship with high production techniques. The result is a stunning collection of fine veneer stones readily available for on-time shipment to our dealer network.

In our corner of the world, people believe in doing things right. Take a close look at Dutch Quality Stone™ --- it shows.

# Residential Applications

It all starts with our molding process. We manufacture our own stone molds, utilizing a technique that captures even the slightest details of the natural stone. With this process, we are able to recreate stone as it appears in nature.

## Warranty

Dutch Quality Stone™, Inc., warrants, subject to the terms and conditions of the full written warranty, that its manufactured concrete products shall be free from defect in materials, manufacturing, and workmanship for a period of 50 years from the date of purchase. The manufacturer will not be liable for any cracked or damaged product due to mishandling, building settlement, improper installation, discoloration due to airborne contaminants, or acts of God beyond the control of the manufacturer. This warranty is limited to the original purchaser and may not be transferred. (Complete manufacturers warranty is available on our website. [www.dutchqualitystone.com](http://www.dutchqualitystone.com))

### Additional Notes

Just as natural stone will vary in color, Dutch Quality Stone™ will reflect some degree of variation in color.

Actual stone color may vary from brochure. It may also vary from existing structures.

Veneer stone is not intended and will not hold up to foot traffic.

Like any other cement product, under certain weather temperatures and conditions, stone may have signs of efflorescence.

Just as natural stone shows signs of scuffing, occasionally Dutch Quality Stone™ will have light scuffing.

With proper handling, there should not be heavy scuffing.

Dutch Quality Stone™ is not responsible for discoloration due to run-off from adjacent building materials.

For answers to any questions not covered in this brochure, please contact us. 1-877-359-7866

For detailed installation instructions, specifications, technical information, and product evaluations, visit us online at [www.dutchqualitystone.com](http://www.dutchqualitystone.com).

Dutch Quality Stone™ meets or exceeds all ICC acceptance criteria.

See ICC-ES Evaluation Report No. 1942 at [www.icc-es.org](http://www.icc-es.org).
